Speak slower, dont look at slides, kickass better, make pauses when switching titles, more pictures, less text on slides, show a video, you forgot to mention competition, who it is, you dont have to mention all the titles of slides, step back and forward, in traction add numbers, big numbers, title with content on slides not separate, don’t mention “not unique”, money for investment, you need it!!!, team - more about the team, why good? better portable story

That's all Folks!
